Saturday 11th July 2026**

**Aim to attract 7,000
visitors each day**

Fi.Fest began as a local gathering of just 500 attendees and has grown into Maidenhead's premier music festival, welcoming over 3,000 guests in 2022 and expecting more than 7,000 for 2026.

Our mission is simple: to deliver affordable, high-quality entertainment for adults and families, showcasing big-name artists alongside incredible emerging talent.

Fi.Fest is now firmly established as a highlight in the Berkshire summer calendar, attracting audiences from Maidenhead, Windsor, Bracknell, and Surrey – with 80% of attendees living within a 10-mile radius of the event.

Located in the heart of the Berkshire countryside, Stroud Farm is a working farm surrounded by polo clubs, riding schools, and open fields. It provides the perfect setting for a summer music festival – spacious, accessible, and scenic.

Fi.Fest works closely with local partners to minimise environmental impact, protect the surrounding land, and ensure the local community benefits directly from the event. After the festival, the fields return to agricultural use, providing hay and food for local animals – ensuring sustainability remains central to our ethos.
